**Funded through the Parent Teacher Group*

S.T.E.A.M.

S.T.E.A.M. is an acronym that represents how all topics in subject areas relate to each other and to the real world. The sentence that defines this is: Science & Technology, interpreted through Engineering & the Arts, all based in Mathematical elements. It is a framework for teaching that is based on natural ways of learning, customizable for all types of students and programs.

David Lubin Elementary has a S.T.E.A.M. focus across all grade-levels. S.T.E.A.M. is threaded through our curriculum and enhanced through our Classroom and After-School enrichment programs.
