

Join Us for the Mother's Day Garden Tour!

After record-breaking winter storms that toppled more than a thousand of the city's beloved trees, Sacramento neighbors are coming together to celebrate resilience in their backyards. The annual East Sacramento Garden Tour is back this year, May 13 & 14, 10 a.m. to 4 p.m. – and with new elements to bring hope and education about the natural world in the city's streets and yards. Six homes will open their gardens to visitors for this event, offering a unique opportunity to revel in the floral splendor that Sacramento enjoys. These gardens present inspiring ideas of how to love your own backyard -- from climate-smart gardening to learning to live in the present moment.

3rd & 4th Grade Does Sutter's Fort.

It was that time of the year again - when a covered wagon pulled by horses comes to campus to transport our 4th-grade students to Sutter's Fort! Third graders walked to the Fort to observe the historic site and their older schoolmates in action at the various interactive, living history exhibits. Said one third grader, "I can't wait until next year when I get to do all the activities, and not just watch!"

The East Sac Garden Tour is Sacramento's favorite Mother's Day tradition. Not only that, but you may not know that this two-day event is the main fundraiser for David Lubin! All proceeds raised from the tour directly support David Lubin's students with programs like Art, Music, STEAM and more. The David Lubin school family is invited to come join the fun, whether through volunteering or taking part in the tour -- or both! Come check out our on-campus boutique, cafe, & art show and participate in unique raffles and silent auctions.

The Return of STEAM Night.

March brought the return of our beloved, onsite STEAM Night. We want to thank all the volunteers who made this event a success. Booths included a cow eye dissection, art with Ms. Jane, hula hoop building with Mr. Fitz, gardening with Mrs. Kane, bubbles, puppetry, veterinary and emergency medicine and so much more. Our Diversity, Equity, Inclusion and Belonging circle made origami, our DHH team taught signs at each station and Mother Nature showed up with a rainbow across the whole school yard.

Family Dance Recap

Last month, David Lubin 5th graders hosted the annual Family Dance. According to Elijah Heffentrager (5th grader), "The family dance was fun! It had a ton of balloons and Mr. Carpenter from ASES was the DJ." Families enjoyed snacks, a photo booth, and a hopping dance floor. In fact, the cafeteria was so jam-packed, Anala Porras (5th grader) has this feedback: "Next time, the 5th graders should separate the grades on the dance floor, and there should be music requests!"

Shrek The Musical Comes to Lubin

A **HUGE** congratulations to the cast of Shrek the Musical, Jr.! You performed to three **SOLD OUT** shows! You rock!
